

WHAT IS IT ALL ABOUT?

Grange Park Primary school has worked with local artist Kerry Cook to create a Cultural Map of venues and opportunities in Sunderland to enhance cultural capital for our students. Our mission is to make cultural experiences an integral part of not only our school's identity, but the children of the future.

Our school worked alongside Culture Bridge North East through a Creative School's Programme which enabled our students to experience cultural venues in the Sunderland area. With such an array of opportunities and experiences which are on the doorstep for our community, we decided to document our journey as a map across Sunderland. Why don't you see how many venues and points of interest you can visit!

WHERE CAN WE FIND OUT MORE?

Use the following websites to find out more information on venues and what creative events are happening soon.

Family art workshops and arty parties:
www.theartroomsunderland.com

For info on the Fire Station, The Museum and Winter Gardens, The National Glass centre, the Northern gallery for contemporary art and Washington Arts Centre please visit:
